We are attempting to file an amendment to our May monthly report in response to the request for additional information dated September 13, 2012. We have managed to add the original contributors for the earmarked contributions. We have not added the office, state, and district information because this data is not importable through FECFile. Also, even though we have amended the reports and they are listed under "Reports" as "A1:S0" etc., the system is not recognizing them as amendments and continuously rejects our attempts to file. The system is considering them original reports and will not accept them. We will contact the FEC at the first possible time during business hours tomorrow to resolve these issues. Thank you.
